

Coordinating Harm and Promoting Crime

Policy Rationale

In an effort to prevent and disrupt offline harm and copycat behavior, we prohibit people from facilitating, organizing, promoting or admitting to certain criminal or harmful activities targeted at people, businesses, property or animals. We allow people to debate and advocate for the legality of criminal and harmful activities, as well as draw attention to harmful or criminal activity that they may witness or experience as long as they do not advocate for or coordinate harm.

We Remove:

For the following content, we include a label so that people are aware the content may be sensitive:
