Sensitive and Mature Themes

TikTok welcomes a range of content, from family-friendly to more mature. Because our community is global, we consider cultural and regional differences when handling content that may be sensitive. To **respect local norms**, we may apply these guidelines differently depending on the region.

Body Exposure and Sexualized Behaviors

TikTok is a place to celebrate who you are—your identity, your body, and your culture. It's also a space where you can learn and have conversations about topics like sexuality and reproductive health. At the same time, we want to protect young people and respect diverse cultural norms. That's why **we don't allow certain types of body exposure or sexualized behavior**, including:

- Nudity or sexual activity
- Sexual Services
- Sexually suggestive acts or significant body exposure involving youth

While we generally don't allow adult nudity or sexual activity, we make limited exceptions for documentaries, sex education, fiction, and art. We also recognize that ideas about clothing and body exposure vary across cultures, and reflect local norms in how we apply these rules.

Some content, like significant adult body exposure or sexually suggestive behavior involving adults, is age-restricted and ineligible for the FYF.
