Integrity and Authenticity

Released August 14, 2025

Effective September 13, 2025

TikTok is all about having authentic experiences—from the accounts you follow, to the content you see. We want you to feel confident that what you’re watching is reliable, original, and shared by real people. This trust is what helps build strong communities both on and off-platform.

Misinformation

In a global community, people will have different opinions—but we aim to ground those conversations in facts. That's why **we don't allow misinformation that could cause significant harm to individuals or society, no matter the intent of the person posting it**. This includes hoaxes, misleading AIGC, harmful conspiracy theories, and other false information related to public safety, crises, or major civic events—when such content may lead to violence or cause public panic. We work with independent **fact-checkers** and experts to assess the accuracy of content, and we factor their assessments into our moderation decisions.

Content is ineligible for the FYF if it contains misinformation that may cause moderate harm to individuals or society. To be cautious, unverified information about crises, major civic events, or content temporarily under review by fact-checkers is also ineligible for the FYF. We may also apply warning labels or **prompt** users to pause before sharing unconfirmed content.
